SUBJECT INDEX, VOLUME 14

A

PAGE

Acetone influence on chloroxuron herbicidal properties 95
Adsorption of atrazine 237
Alfalfa-dodder association 52
Aliphatic acid inhibitors 174
Amiben activity, influenced by irrigation and formulation 309
Amiben fate in carrots 55
Amiben in castorbeans 171
Amiben, mechanism of selectivity 197
Amiben, metabolism in plants 319
Amiben N-glucosyl complex 319
Amiben N-glucosyl formation 323
Amitrole in quackgrass, translocation of 178
Amitrole, microbial degradation 130
Ammonium thiocyanate in quackgrass, translocation of 178
Aquatic environment, monuron and neburon in 219
Aquatic plants, yields of propagules 110
ATP generation, relationship with susceptibility to DNBP 125
Atrazine, adsorption and desorption of 237
Atrazine carryover in sugar beet production 82
Atrazine dissipation from soil by corn, sorghum, and Johnsongrass 289
Atrazine effect on $C^{14}O_2$-fixation in corn, cotton, and soybeans .. 251
Atrazine, foliar applications, phytotoxicity 222
Atrazine, influence on quackgrass 233
Atrazine, microbiological decomposition in soil 77

B

Barley, effects of dalapon on 259
Barnyardgrass in Massachusetts 299
Biochemical aspects of herbicidal activity 331
Blackjack oak, movement of 2,4,5-T in 302
Bluegrass stand, effects on crabgrass control with preemergence herbicides 157
Bromacil effect on $C^{14}O_2$-fixation in corn, cotton, and soybeans .. 251
Buckwheat, wild, effect of dicamba on 229

C

Carrots, fate of amiben in 55
CDEC decomposition by far ultraviolet radiation 155
CDEC in furrow-irrigated soils 215
CDEC loss from soil surfaces 294
Chloroxuron, influence of acetone on herbicidal properties of ... 95
CIPC, granular, for dodder control 255
CIPC vapor losses 281
Citrus trees, effects of triazines on 141
Climatic and soil factors, correlation with herbicidal activity 42
Coast fiddleneck response to 2,4-D 1
Cocklebur control in soybeans with 2,4-DB 187
$C^{14}O_2$-fixation in corn, cotton, and soybeans, effects of atrazine, bromacil, and diquat on 251
Competition, morningglory in soybeans 49
Concentration effect on adsorption and desorption of atrazine .. 237
Corn, $C^{14}O_2$-fixation, effect of atrazine, bromacil, and diquat ... 251
Corn, dissipation of atrazine from soil by 289
Cotton, 2,4-D persistence in 34
Cotton, $C^{14}O_2$-fixation, effect of atrazine, bromacil, and diquat . 251
Cotton, preplanting applications of diuron in 145
Cotton response to paraquat 86
Crabgrass control with preemergence herbicides 157
Cranberry bogs, persistence of dichlobenil in 296

D

2,4-D effect on coast fiddleneck influenced by thiamin 1
2,4-D effects on plant metabolism 17
2,4-D, effects with *Aspergillus niger* proliferation 89
2,4-D persistence in cotton 34
2,4-D residues in forage and milk 164

PAGE

2,4-D residues in milk and forage, analysis of 167
2,4-D, root temperature and susceptibility of three species to ... 121
2,4-D wax bars for sesbania control in soybeans 152
2,4-DB, cocklebur control in soybeans 187
Dalapon effects on barley 259
Dalapon, microbial degradation 130
DCPA activity, influenced by irrigation and formulation 309
Desiccants, influence of 2,4-D persistence in cotton on 34
Desorption of atrazine 237
Dicamba dissipation 211
Dicamba on wheat and wild buckwheat 229
Dichlobenil persistence in cranberry bogs 296
Dimethylarsinic acid, seed production control in annual grasses by 207
Dimethyl sulfoxide on purple nutsedge 195
Diquat effect on $C^{14}O_2$-fixation in corn, cotton, and soybeans ... 251
Diquat, photochemical decomposition of 240
Diuron disappearance from cotton soils 31
Diuron in castorbeans 171
Diuron, microbiological decomposition in soil 77
Diuron, preplanting applications in cotton 145
DNBP, relationship between plant ATP generation and susceptibility to 125
Dodder-alfalfa association 52
Dodder control with granular CIPC 255
Dodder, field, response to shade 4
Dormancy in western ironweed 62
DSMA on Johnsongrass 191

E

EPTC influence on external foliage wax deposition 27
EPTC, knife injector for application of 92

F

Fenuron injury to shrub live oak influenced by starvation 10
Forbs, response to picloram 74
Fruit tree tolerance to two triazines 268

G

Germination inhibitor in *Striga* seeds 327
Grass seedlings, annual weed control in 306
Gypsophila paniculata, life history of 313

H

Helicopter spraying, nozzles for 114
Herbicidal activity, biochemical aspects of mechanisms of 331
Herbicidal activity, correlation with soil and climatic factors ... 42
Herbicidal properties of chloroxuron as influenced by acetone .. 95
Herbicidal properties of trifluralin analogs 176
Herbicidal response, influence of soil moisture on 273
Herbicidal treatment effects on moisture use by plants 205
Herbicides, cotton, persistence in soils 22
Herbicides, effect on tobacco callus tissue 134
Herbicides in soil, shoot entry in action of 117
Herbicides, preemergence, for crabgrass control 157
Herbicides, testing, experiment station's role in 338

I

Injector, knife, for application of EPTC 92
Insecticides, effect on selectivity of propanil on rice 94
IPC vapor losses 281
Ironweed, western, dormancy in 62
Ironweed, western, dormant to active transition 69

SUBJECT INDEX, VOLUME 14

PAGE

J

Johnsongrass, dissipation of atrazine from soil by 289
Johnsongrass, DSMA toxicity to 191

L

Life history of *Gypsophila paniculata* 313
Light quality effects on influence of 2,4-D on plant metabolism. 17

M

Maleic hydrazide effects on amino acids in tea 329
MCPB translocation in peas 244
Membership list 397
Mesquite seedlings, influence of 2,4,5-T on 136
Moisture use by plants, effects of herbicidal treatments on 205
Monuron adsorption, movement, and phytotoxicity in soil 6
Monuron, aquatic environment 219
Morningglory competition in soybeans 49

N

National Weed Comm. Canada, officers and meeting dates 396
Native grasses, response to picloram 74
Neburon, aquatic environment 219
Neburon effect on oats 105
News Notes 97, 180
North Cent. WCC, officers and meeting dates 396
Northeastern WCC, officers and meeting dates 396
Nozzles for helicopter spraying 114
NPA activity, influenced by irrigation and formulation 309

O

Oats, phytotoxicity of neburon to 105

P

Paraquat, cotton and sorghum response to 86
Paraquat, photochemical decomposition of 240
Peas, MCPB translocation in 244
pH effect on adsorption and desorption of atrazine 237
Picloram effects with *Aspergillus niger* proliferation 89
Picloram movement and persistence in soil 248
Picloram, native grasses and forbs response to 74
Picloram residues in soil, determination of 161
Placement Service, WSA 99, 181, 279
Plant metabolism, effects of 2,4-D on 17
Pondweed, sago, growth and carbohydrate status of 263
Prickly pear, absorption, translocation, and metabolism of silvex in 38
Prickly pear, physiological studies with 58
Propagules, yields from aquatic plants 110
Propanil on rice 94
Purple nutsedge, dimethyl sulfoxide on 195

Q

Quackgrass, influence of atrazine on 233
Quackgrass, influenced by uracil 103
Quackgrass, translocation patterns of amitrole and ammonium thiocyanate in 178

R

Radiation, decomposition of CDEC by far ultraviolet 155
Residues of 2,4-D in forage and milk 164
Residues of 2,4-D in forage and milk, analysis of 167
Rice, propanil on 94

S

Saltcedar, cuttings for reproduction of 173
Saltcedar, single and combination mowing and spraying treatments of 276
Seed production control by dimethylarsinic acid 207
Seeds, wild carrot, germination and dormancy of 201
Sesbania control in soybeans with 2,4-D wax bars 152
Shade effect on field dodder 4
Shrub live oak injury by fenuron 10
Silvex absorption, translocation, and metabolism in prickly pear. 38
Simazine toxicity in soil 148
Soil and climatic factors, correlation with herbicidal activity 42
Soil, determination of picloram residues in 161
Soil, dissipation of atrazine from, by corn, sorghum, and Johnsongrass 289
Soil factors, effects on phytotoxicity of neburon to oats 105
Soil, microbiological decomposition of atrazine and diuron in 77
Soil moisture influence on herbicidal response 273
Soil perfusion system 90
Soil, picloram movement and persistence in 248
Soil, shoot entry in action of herbicides in 117
Soil, toxicity of simazine in 148
Soils, cotton, diuron disappearance from 31
Soils, persistence of cotton herbicides in 22
Sorghum, dissipation of atrazine from soil by 289
Sorghum response to paraquat 86
Southern WC, officers and meeting dates 396
Soybeans, $C^{14}O_2$-fixation, effect of atrazine, bromacil, and diquat 251
Soybeans, 2,4-D wax bars for sesbania control in 152
Soybeans, 2,4-DB for cocklebur control in 187
Soybeans, morningglory competition in 49
Sprayers, experimental plot, transparent tank for 269
Sprayers, logarithmic-dosage, factors in design and operation 271
Starvation influence on fenuron injury to shrub live oak 10
Striga seeds, germination inhibitor in 327
Sugar beet production, atrazine carryover in 82
Sugars, movement in alfalfa-dodder association 52
Sustaining members 101, 184, 280, 407

T

2,4,5-T, mesquite seedlings influenced by 136
2,4,5-T movement in blackjack oak 302
Tank, transparent, for experimental plot sprayers 269
Tea, maleic hydrazide effects on amino acids in 329
Temperature effect on adsorption and desorption of atrazine 237
Temperature effect on loss of CDEC from soil surfaces 294
Thiamin effect on response of coast fiddleneck to 2,4-D 1
Tobacco callus tissue, effect of herbicides on 134
Triazines, adsorption, movement, and phytotoxicity in soil 6
Triazines, effects on citrus trees 141
Triazines, two, fruit tree tolerance to 268
Trifluralin analogs, herbicidal properties of 176

U

Uracil, influence on quackgrass 103

V

Vapor losses of IPC and CIPC 281

W

Watering regime, effects on crabgrass control 157
Wax deposition, external foliage, influenced by EPTC 27
Weed Soc. Amer. (WSA), Business meeting minutes 345
Weed Soc. Amer. (WSA), officers and meeting dates 396
Weed Soc. Amer. (WSA), special committee reports 339
Weed Soc. Amer. (WSA), standing committee reports 387
Weed Soc. Amer. (WSA), Terminology Committee report 346
Weed Soc. Amer. (WSA), Weed Losses Committee report 393
Western WCC, officers and meeting dates 396
Wheat, effect of dicamba on 229
Wild carrot, effect of grazing and clipping on 285
Wild carrot seeds, germination and dormancy of 201
Witchweed, catch and trap crops for eradication of 275

W. F. HUMPHREY PRESS INC., GENEVA, N. Y.
